### Countertop Finishes

#### Glass Finishes
3/8” Thick
13 standard colors (S), 51 colors in extra-clear (P) and extra-clear sandblasted finish (PS)

### Premium Solid-Surface Top Finishes
in matte colors

#### Color matching:
Unlike the glass colors, the solid-surface colors are not an exact color match to the cabinets, the cabinet colors that are recommended to coordinate with the solid-surface colors are:

<table>
<thead>
<tr>
<th>solid-surface</th>
<th>cabinet colors</th>
</tr>
</thead>
<tbody>
<tr>
<td>Crema</td>
<td>Bianco Conchiglia or Giallo Crema</td>
</tr>
<tr>
<td>Beige</td>
<td>Canyon or Beige</td>
</tr>
<tr>
<td>Grigio Chiaro</td>
<td>Grigio Perla (pearl grey) or Grigio Lavagna (slate grey)</td>
</tr>
<tr>
<td>Grigio Scuro</td>
<td>Grigio Lavagna (slate grey) or Grigio Grafite (graphite grey)</td>
</tr>
</tbody>
</table>

See color chips for better color representation, however glass colors may differ based on light through the glass
Finishes and Color matching:
-Made vanities offer a selection of 51 lacquered colors in cabinets and matching colors in glass tops, thereby allowing the vanity to be all one color.
-In addition, the finish on cabinets can be gloss, matte or matte woodgrain and matched with gloss or matte (sandblasted) glass top finishes.
-Cabinets and wood tops also available in 4 oak finishes.
-Slight contrast can be provided by offsetting matte (sandblasted) glass top colors against gloss cabinet colors (or vice versa).
-More dramatic contrast can be achieved by offsetting the top color against the cabinet and sides color or the top and sides color against the cabinet color.
